

MAINTENANCE MECHANIC

National Gypsum Company, a manufacturer of gypsum wallboard, is seeking an experienced Industrial Maintenance Mechanic at their Waukegan, IL wallboard plant.

The person we are seeking must have worked in a manufacturing environment with a minimum of 5 years experience in equipment maintenance (mechanical, hydraulic, and pneumatic), fabrication (welding and machining), and general facility installation and repair.

In addition, a work history which includes belt conveyors, screw conveyors, air compressors, pumps, burners, blowers, and a preventive maintenance program is required as these systems are critical components of our process. A good working knowledge of electrical systems is also highly desired.

National Gypsum Company, a drug free workplace, offers a complete benefit package including a 401(k) with match, paid holidays, life insurance, short-term and long-term disability.

The company is an Equal Opportunity Employer. Employment is contingent upon successful completion of background investigation. Pre-employment drug screening is required. The company participates in E-verify. E-Verify is an internet-based system that compares information from an employee's Form I-9, Employment Eligibility Verification, to data from U.S. Department of Homeland Security and Social Security Administration records to confirm employment eligibility - www.dhs.gov/everify.

The above information on this description has been designated to indicate the general nature and level of work. It is not designed to contain or be interpreted as a comprehensive inventory of all duties, responsibilities, and qualifications required of an associate assigned to the position. A passing score on a pre-employment assessment test is required. The Company enforces a tobacco-free policy at all its locations.
